

LiveWire Foundations Training

Number of Days: 1 Day

Instruction Method: Instructor-Led-Training

Course Description

This course is designed to get Network and Application Support personnel up-and-running quickly with LiveAction's **LiveWire** solution. The course covers configuring a capture, analyzing captures, Expert Analysis, Event and Packet level communication analysis, and Troubleshooting user issues.

In this hands-on technical session, expert instruction is combined with lab exercises to maximize the learning experience.

Who should take this course?

This session is targeted towards those who wish to use LiveAction LiveWire Packet Capture and Analysis software to baseline application and network operations, troubleshoot client, application, and network issues, and decode network traffic at packet level.

LiveWire provides Network Engineers and Application Developers a solution that comprises capture, filtering, Expert Analysis, and packet decode capabilities within a single application running on a windows machine.

Prerequisites

- Basic understanding of applications, networking, and protocols.
- Understand ASCII, HEX, and Binary notation.
- Understand the OSI model and how ethernet, IP, TCP/UDP operate.
- Participants are required to provide their own PCs/laptops AND ensure their ability to connect to the internet.

Fundamentals Topics:

- Before Capturing
- Capturing Data
- Getting Information from Your Capture
- Expert Analysis
- Node to Node Communications
- Conversation Analysis
- Detailed Analysis
- Graphs and Reporting
- Focusing on Specific Criteria

Delivery Options

Instructor-Led-Online – Presented via WebEx, over 1 day. This course can be scheduled to coincide with any other class by prior arrangement. Due to hardware infrastructure constraints, there is a maximum of 8 attendees per class.

Registration

Discuss available training options with your LiveAction Sales Representative. Sign up by sending an email to training@liveaction.com. Note that class size is limited, and classes fill up well in advance, so sign up soon!

Expiration Policy

A Training Entitlement will automatically expire and LiveAction will cease to owe performance of such services if they have not been fully scheduled and performed prior to the expiration of a period of 12 months from the date of invoice for Training Entitlement from LiveAction; provided that such period will automatically be extended for any delays caused by LiveAction's failure to schedule or timely perform such services. In the event of expiration of Training Entitlement pursuant to the foregoing sentence, LiveAction will not owe any refund of fees already paid for such services.

For course pricing & availability, or if you have any additional questions, please contact your local LiveAction Sales Manager or sales@liveaction.com.
